MoonSoon Theme — Audit & Build Plan

Jenpharm.com ka mukammal audit + MoonSoonMall ke liye phase-wise kaam ka plan
Tayyar kiya: 10 October 2026 · Store: moonsoonmall.store (iqciw0-sq.myshopify.com)

> **Kaam ka tareeqa:** Har phase ke end par aap preview link par **Test Checklist** check karenge. Aap "OK" kahenge to hi agla phase shuru hoga. Sara kaam nayi **unpublished theme "MoonSoon"** par hoga — live store ko kuch nahi hoga jab tak aap publish na kahein.

1. Jenpharm Audit — Khulasa

Cheez	Kya mila
Theme	Shopify **Horizon v4.1.1** base. Live theme ka naam `jenpharm/main` = GitHub branch se connected.
Custom code	Taqreeban sara visible design custom hai — apni CSS classes `jp-` prefix ke saath (header, product card, PDP, footer, announcement, stars, PR logos).
Font	**Montserrat** (body 14px, headings 700 weight, H2 32px).
Colors	Main blue #2E6EB0 (text + buttons) · Hover #337BC4 · Header light blue · Purple accent (announcement, badges, "Best Deal") · Soft yellow highlights · White background
Shapes	Card radius 28px · Button radius 17px · Pills 62px · Tiles 18px. Buttons par neeche ek gehri "offset shadow" — 3D jaisa look.
Pages	29 pages · 80 collections · 46 products · 4 blogs / 216 articles. Kuch test pages bhi live pare hain (`quiz-test-final` , `bundle-test` , `testing`).

Apps / Plugins

App	Kahan nazar aati hai	Hamare liye

> **Note:** Jenpharm ka sirf **layout aur style idea** lenge. Unki images, text, logo ya code copy nahi karenge — sab apna likhenge. Isi se theme aap doosre clients ko bhi de sakenge.

4. Phases

Phase 0 — Setup Foundation

- Horizon (latest) download karke `e:\MoonSoonMall` repo mein rakhna · GitHub par push.
- Shopify par nayi unpublished theme **"MoonSoon"** banana (CLI push).
- Folder structure: `sections/ms-*`, `snippets/ms-*`, `assets/ms-*.css/js`.
- Optional: Shopify Admin → GitHub connect (Jenpharm jaisa auto-sync).

Aap test karein: Admin → Themes mein "MoonSoon" unpublished nazar aaye · Preview link khule · GitHub par code nazar aaye · live store waisa hi chal raha ho.

Phase 1 — Design System Colors · Fonts · Buttons

- Light green color scheme, accent, highlight — theme settings mein.
- Montserrat font, heading sizes, rounded corners, Jenpharm-style buttons (solid + outline + offset shadow).
- Product card design (badges, stars, price, full-width Add to cart).

Aap test karein: Preview mein colors/buttons pasand aaye? · Theme Editor → Settings se color badal kar dekhein ke sab jagah badalta hai.

Phase 2 — Store Data Saaf 119 products

- Titles ki spelling (Tourh→Torch, Bottel→Bottle, Nozel→Nozzle…) · har product ki description (features + use) · product type + tags.
- Collections: By Category + By Need + Best Sellers / New Arrivals / Under 999 / Deals.
- Inventory: stock set ya "continue selling when out of stock" · menus (main, footer).

Aap test karein: 10 random products kholein — naam, description, price theek · har collection mein sahi products · koi product "Sold out" na dikhe.

Phase 3 — Product Photos Ek style

- Saari photos download → backup → background remove (rembg, free) → light background, 2048×2048 square, product center.
- Wapas Shopify par upload (pehli image replace, purani backup mein).

Aap test karein: Collection page par saare products ek jaise lagein · koi photo kati/dhundli na ho · watermark wali photos ki list check karein.

Phase 4 — Header & Footer Har page

- Announcement marquee · main bar (search with animated placeholder, logo, "Combo Deals" button, Cart button with count) · nav bar + mega menu.
- Mobile: hamburger drawer with promo cards + rounded menu buttons · sticky header.
- Footer: newsletter, link columns, contact (phone/WhatsApp/email/timing), policies, social icons, payment/courier logos · mobile accordion.

Aap test karein: Desktop + mobile par har menu link chale · mega menu hover par khule · cart count update ho · footer links sahi.

Phase 5 — Homepage 12 sections

- Hero slider (desktop/mobile alag image) · trust marquee · category tiles · tabbed product carousel · new arrivals · demo videos (Results ki jagah) · reviews slider · deals tiles · video carousel with product cards · brand quote · logos strip.
- Har section Theme Editor se add/remove/reorder ho sake.

Aap test karein: Homepage mobile + desktop · har section ka text/image Theme Editor se badal kar dekhein · sliders swipe hon.

Phase 6 — Collection, Search, Product Card Shopping

- Collection banner (text + image collage) · filters (category, price, availability) + sort · grid mein promo tile.
- Search page + predictive search styling.

Aap test karein: Filters/sort kaam karein · "fan", "bottle" search karke dekhein · mobile par 2-column grid.

Phase 7 — Product Page Sab se zaroori

- Sticky gallery + badges + zoom · title, stars, "X+ Sold", price, benefit pills.
- Quantity offers (1 Pack / 2 Pack Save X%) — Shopify automatic discount ke saath.
- Estimated delivery date · trust icons · Add to Cart + Buy Now · mobile sticky ATC bar.
- Accordions (Features, How to use, What's in the box, Shipping & Return, FAQs) · features cards · demo video · pair-it-with · reviews · you may also like.
- Product metafields se content — har product ka apna text, code chhede bina.

Aap test karein: 3 alag products · 2 Pack select karke cart mein discount lage · delivery date sahi · mobile sticky bar.

Phase 8 — Cart Drawer Sales booster

- Side drawer · free shipping + free gift progress bar · free gift auto-add · upsell cards · qty +/− · savings · checkout button.
- Apna code — Attravo jaisi paid app ki zaroorat nahi.

Aap test karein: Add to cart par drawer khule · amount barhne par bar move ho · threshold par gift khud add ho · upsell add ho · checkout tak jayein (order place na karein).

Phase 9 — Baqi Pages Trust

- About Us · Contact · FAQs · Shipping & Return · Privacy/Terms · Track Order · Reviews page · 404 · Blog styling · Login/Account.

Aap test karein: Har page khol kar text parhein · contact form test message · track order link.

Phase 10 — Apps & Tracking Aapka approval chahiye

- Reviews app (Judge.me free) — stars card + PDP + homepage slider mein.
- WhatsApp chat button · Meta Pixel · TikTok Pixel · Google Analytics 4.
- App install aap karenge (account/billing aapka), connect main karunga.

Aap test karein: Review likh kar dekhein · WhatsApp button aapke number par jaye · Meta/TikTok Events Manager mein "PageView/AddToCart" aaye.

Phase 11 — QA, Speed, SEO, Publish Go live

- Mobile/desktop/tablet check · Chrome + Safari · speed (images, lazy load) · SEO titles/meta · broken links · 404.
- Aapki final "OK" ke baad **MoonSoon publish**. Purani theme backup ke tor par pari rahegi.

Aap test karein: Ek real test order (COD) place karke cancel · sab pages ek dafa phir.

Phase 12 (Optional) — Build Your Own Combo & Gift Finder

- Step-wise combo builder (5% / 10% / 15% tiers) · "Gift Finder" quiz. Store live hone ke baad.

5. Aap se kya chahiye

Phase	Aapka kaam
Phase 1	Colors/font approve · logo file (PNG/SVG)
Phase 2	Free delivery limit (Rs ?) · return days · free gift product · WhatsApp number · support timing

Phase 5	Hero banner ke offers · demo videos (agar hain)
Phase 10	Apps install + Meta/TikTok ad accounts
